

As part of our commitment  
to reducing Carbon  
Footprint, we will plant a  
tree for every variable  
speed compressor sold in  
the UK!

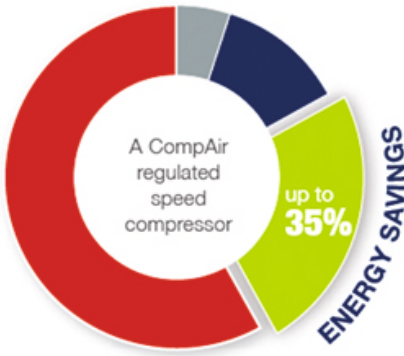

Take advantage of our  
**FREE Energy Audit!**

Contact us for more information:  
sales@cdhgroup.uk

Ask our team about Heat Recovery  
options to further reduce your  
energy consumption.

Regulated speed compressors from CompAir can efficiently and reliably handle the varying air demand found in most plant air systems.

The annual cost of ownership can be significantly reduced using regulated speed technology, not to mention allowing you to also reduce your carbon footprint!

**\*157500 kilowatt hours of electricity - 112 tonnes CO<sub>2</sub> - greenhouse gas emissions 24 cars for one year - carbon sequestered by 137 acres of forest or 1846 tree seedlings grown for 10 years!**

\*Statistics based on our L75RS compressor

**SAVE MONEY - SAVE ENERGY**
